

It's Another Beautiful Morning

Chorus

**It's another beautiful morning
Gotta smile for everyone on the street
It's another beautiful morning
Tip your hat to everybody we meet**

It's another beautiful morning
See the sun shining up in the sky
It's another beautiful morning
Waving at the neighbors as we go by

Had some eggs and my shoes are all tied
Got my lunch and my bear by my side
The man next door says hello to me
I hear the birds singing up in the trees

Chorus

In my car riding down the street
Watching the red lights turn to green
There's a dog and he's chasing a cat
I hear him barking and he's making me laugh

Chorus
