

Listen To Your Heart

Truthfulness, sincerity, patience, perseverance
Courtesy, integrity, compassion, and endurance
Fortitude, trustworthiness, excellence – I give my best... mmm

Sharing, caring, kindness, respect, and moderation
Courage, enthusiasm, determination
Justice, joy, discipline – light up this world we're in... mmm

Chorus

**Walkin' through my life I've found
That my very best friend is the one inside of me
There's a small voice in my heart
When I stop... and listen... It's there guiding me, guiding me**

Friendliness, openness, cooperation
Gratitude, willingness, consideration
Honor, wisdom, loyalty – they feel so good to me... mmm

Modesty, tenacity, acceptance, and forgiveness
Hope, responsibility, humility, and fairness
These are what I'm thinking of, with them I've got enough... mmm

Chorus

*It's just a little voice... but when you have a choice...
listen to your heart
No matter when or where... you know it's always there...
so listen to your heart*

Truthfulness, sincerity, patience, perseverance
Courtesy, integrity, compassion, and endurance
Fortitude, trustworthiness, excellence – I give my best.....
